Subject Index

A

AIDS (acquired immunodeficiency syndrome), AIDS beliefs and AIDS risk-reduction behavior in young women, 107
Alcohol abuse, antidepressant therapy, 153
Alpha adrenergic blockers, for persistent urinary incontinence in elderly, 17
AMA/Physician Pay Review Commission
  Advisory Panel, special report, 132
  nurse practitioners and, 35
Ambulatory care, nurse clinics and progressive ambulatory patient care, 41
American Academy of Nurse Practitioners, national survey. *See* National Survey of American Academy of Nurse Practitioners
Amitriptyline. *See* Antidepressant medication
Amoxapine. *See* Antidepressant medicationn
Anticholinergic agents, for persistent urinary incontinence in elderly, 17
Anticholinergic effect, antidepresssant therapy and, 153
Antidepressant medication, guide for use, 153

B

Behavior, AIDS risk-reduction, AIDS beliefs and, in young women, 107
Behavioral interventions, for persistent urinary incontinence in elderly, 17
Bethanechol, for persistent urinary incontinence in elderly, 17
Biofeedback, for persistent urinary incontinence in elderly, 17
Bladder retraining, for persistent urinary incontinence in elderly, 17
Bupropion. *See* Antidepressant medication
Burlington randomized trial of the nurse practitioner, 93
Byerly alternative interpretation theory, in placebo effect, 10

C

Calcium channel blockers, for persistent urinary incontinence in elderly, 17
Candidiasis, oropharyngeal, 168
Cardiovascular system, antidepressant therapy and, 153
Catheters/catheterization, for persistent urinary incontinence in elderly, 17
Cesarean section, vaginal birth after, 100
Cholesteatoma, 83
Chronic fatigue syndrome, Epstein-Barr antibody titer and, 33
Cigarette smoking, cessation (letter), 90
Classic articles
  Burlington randomized trial of the nurse practitioner, 93
  nurse clinics and progressive ambulatory patient care, 41
  twelve paradoxes: a message for nurse practitioners, 136
Clinical nurse specialist, nurse practitioner and, should the roles be merged, 2
Collegiality, 54
Communication, in nurse practitioner-physician collaborative practice, 54
Conditioning theory, in placebo effect, 10
Conjunctivitis, iritis vs, 125
Contingency management, for persistent urinary incontinence in elderly, 17

D

Depression, drug therapy. *See* Antidepressant medication
Desipramine. *See* Antidepressant medication
Doxepin. *See* Antidepressant medication
Drug abuse, antidepressant therapy, 153
Drug therapy
  for depression, 153
  for persistent urinary incontinence in elderly, 17

E

Eating disorders, antidepressant therapy, 153
Economic issues
  National Health Service Corps, 170
  nurse practitioners and physician payment review, 35. *See also* AMA/Physician Pay Review Commission
  Pepper Commission's recommendations: access to health care and long-term care for all Americans, 127
  Rural Health Clinic Services Act, 85
  starting a practice on a shoestring, 129
Editorial, 135
  glance at the past, 40
  more on classic manuscripts, 92
Education
  graduate study, community problem-solving, 160
  nurse practitioner program to improve postpartum appointment keeping in outpatient family planning clinic, 29
  nurse practitioners as in-hospital teachers of postpartum care to family medicine residents, 79
  radon exposure, 24
  vaginal birth after cesarean, 100
  videotapes in practice setting, 172
Elderly. *See* Geriatric client; Geriatric nurse practitioner
Endorphin-mediated pain relief theory, placebo effect, 10
Epstein-Barr antibody titer, chronic fatigue syndrome and, 33
Estrogen therapy, for persistent urinary incontinence in elderly, 17
Ethical issues, placebo effect in chronic pain, 10
Exercise, pelvic floor, for persistent urinary incontinence in elderly, 17

F

Family nurse practitioner, Master's-prepared, career trends, 69
Family planning, postpartum appointment keeping at outpatient clinic, nurse practitioner interventions, 29
Fatigue, chronic. *See* Chronic fatigue syndrome
Fibromyalgia syndrome, 47
Fluoxetine. *See* Antidepressant medication

G

Gastrointestinal disorders, antidepressant therapy, 153
Geriatric client, urinary incontinence, behavioral and pharmacological treatment, 17
Geriatric nurse practitioner
  nurse teaches the doc, 174
  scope of practice and effectiveness, 113
Gerontology. *See* Geriatric client; Geriatric nurse practitioner

H

Habit training, for persistent urinary incontinence in elderly, 17
Herpes zoster, 64
Hypotension, postural, antidepressant therapy and, 153

I

Imipramine. *See also* Antidepressant medication for persistent urinary incontinence in elderly, 17
Incontinence, urinary, in elderly, behavioral and pharmacological treatment, 17
Infection
  AIDS. *See* AIDS
  oropharyngeal candidiasis, 168
Iritis, conjunctivitis vs, 125

L

Letter to the editor, attitudes about smoking, 90
Lung cancer, radon exposure and, 24

M

Maprotiline. *See* Antidepressant medication
Marketing and management
  health education literature and nurse practitioner, 38
  marketing techniques in person, 88
  starting a practice on a shoestring, 129
  videotapes in practice setting, 172
Meaning model theory, of placebo effect, 10
Mental imagery model, in placebo effect, 10
Mentalist theory, of placebo effect, 10
Monoamine oxidase inhibitors. *See* Antidepressant medication

N

National Health Service Corps, 170
National Survey of American Academy of Nurse Practitioners
  nurse practitioner characteristics according to educational level, 121
  practice characteristics according to location of practice and specialty, 164
Nortriptyline. *See* Antidepressant medication
Nurse practitioner
  Burlington randomized trial of, 93
  characteristics according to educational level, 121
  clinical nurse specialist and, should the roles be merged, 2
  collaborative practice with physician, 4
  in-hospital teachers of postpartum care to family medicine residents, 79
  leadership in community problem-solving, 160
  Medicare Part B payment system and, 35
  profile of San Francisco Bay area nurse practitioners and their needs, 146
  program to improve postpartum appointment keeping in outpatient family planning clinic, 29

O

Obsessive-compulsive behavior, antidepressant therapy, 153
Obstetrics
  postpartum care. *See* Postpartum care
  vaginal birth after cesarean, 100

P

Pain, chronic
  antidepressant therapy, 153
  therapeutic use of placebo effect, 10
Panic disorders, antidepressant therapy, 153
Pepper Commission, access to health care and long-term care for all Americans, 127
Pharyngitis, candidal, 168
Placebo effect, therapeutic use, in chronic pain, 10
Point of view, nurse practitioner and clinical nurse specialist: should the roles be merged, 2
Postpartum care
  appointment keeping in outpatient family planning clinic, nurse practitioner interventions to improve, 29
  family medicine residents' training, nurse practitioner as teacher, 79
Post-traumatic stress disorder, antidepressant therapy, 153
Prazosin, for persistent urinary incontinence in elderly, 17
Premenstrual syndrome, antidepressant therapy, 153
Protriptyline. *See* Antidepressant medication
Public health
  nurse practitioners in community problem-solving, 160
  radon gas, 24

R

Radon gas, implications for health professionals, 24
Research issues
  collaborative approach to nursing research
    findings, 146
    process of, 140
  placebo effect in chronic pain, 10
  profile of San Francisco Bay area nurse practitioners and their needs, 146
  vaginal birth after cesarean, 100
Rural Health Clinic Services Act, 85

S

Sexual abuse, of child, adult survivors, identifying and assisting, 58
Sexually transmitted disease, AIDS beliefs and AIDS risk-reduction behavior in young women, 107

Sleep disturbances, antidepressant therapy, 153
Smooth muscle relaxants, for persistent urinary incontinence in elderly, 17

T

Transference theory, in placebo effect, 10
Trazadone. *See* Antidepressant medication
Trimipramine. *See* Antidepressant medication

U

Urination, involuntary. *See* Incontinence, urinary

V

Videotapes, patient education in practice setting, 172
